

**Energy and Environmental Summit -  
For Municipal, Business and Community Leaders**

**What:** The 2007-2008 Massachusetts Legislative Session has been a landmark year for energy and environmental legislation. The *Green Communities Act*, *Green Jobs Act*, and *Global Warming Solutions Act* are just a few of the many clean energy bills that have recently been signed into law. Together, they will help Massachusetts become a leader in energy efficiency, renewable energy and the new green economy.

The “Energy and Environmental Summit for Municipal and Business Leaders” will provide an opportunity to learn more about these pieces of legislation. Come listen to industry experts and elected officials explain what these bills mean to you, your business and your community.

**When:** August 19, 2008  
9:30 a.m.-2:00 p.m.

**Where:** Bridgewater State College (BSC)  
Grand Ballroom
